

BIO

As Vice Moderator at Calvary by the Sea (2024-2025), I strive to bring creativity, leadership, and service to all I do. I graduated from California Lutheran University with a Fine Art degree emphasizing Religion and currently work as a Freelance Graphic Designer, Creative Director at Duneyrr Fermenta Winery & Brewery, and Remote Project Manager for Christie Building & Development. I've contributed to ELCA Youth Gatherings, the Youth Ministry Network's Extravaganza, and leadership retreats, experiences that have shaped my passion for supporting community connection and youth ministries. At Calvary, I am dedicated to advancing our mission of responding to a changing world with God's unchanging love. Outside of work, I enjoy spending time with my wife, Addie, and our dog, Maisie, whether at the beach, a brewery, or home. I humbly request your support to serve on the council and continue fostering connection and growth in our church community.
